**The Workbook**, 1996      100+ REAL Work from Home Jobs, Gigs, Careers, and Side Hustles that You Can Do RIGHT NOW Rebecca Hurst, 2020-06-08

Yes, you really can make an actual income working from home. Under the recent advice of social distancing and stay safe, stay at home, the advantage in today's workforce lies with those people who are able to do real work from home. Because let's face it, this will not be the only instance in our lifetime where we will encounter the need to lock down and shelter in place. In my book, I show you over 100 ways you can have a successful career working from the comfort of your own home. My *Work from Home* book addresses all skill levels and touches on nearly every sector of gainful employment that can be performed remotely. From highly skilled medical professionals to someone just now entering the workforce with little to no prior experience, there's a job for you. If you're just looking to make some extra side income or work at your own pace, this book is for you, too. Many positions can be tailored to your preferred schedule, what your expertise is, and what your level of comfort with technology might be. I took the guesswork out of the equation for you. Other books, blogs, and articles will direct you to the link to find the job, and then you have to figure out if it is for you. The goal of my book is to cut out some of that guesswork for you by supplying you with as much information as possible so that you can start your own process without having to wade through all the internet muck. I have done the heavy lifting for you. You will find at least one chapter that seems like it was written especially for you in your situation. This book is set up in chapters divided by how you would go about finding a job you love. The first part is about finding what work you might want to do.

establishing what you're good at and general advice about job hunting and working from home. The bulk of the book is dedicated to practical guidance for finding that job in the real world. You can peruse the types of jobs that can be done remotely and how you might go about performing the job you love. Conversely, I have provided you with a listing of over 60 companies who are actively hiring remote work from home workers. Out of the 100 ways to work from home, you're sure to find something you never thought of doing. Finally, I wrap up with addressing places to find freelance or gig work and suggesting some job opportunities you might take advantage of working from your house as a base of operations. While these jobs might not be done completely at home, you can still work out of your house without having to step foot in a cooperative office. It's better in the eBook format. I would highly recommend purchasing or gifting this book in the Kindle eBook format because it is filled to the brim with helpful links that are clickable when read in the eBook format. If you have a Kindle Unlimited membership, you can also get this title for FREE for a limited time, so be sure to click Read for Free before this title is removed from Kindle Unlimited.

**Work from Home** David D Taylor, 2018-07-13. What if you could find a job you could do from the comfort of your own home, from a coffee shop or from anywhere? We have all thought about this at some point, but we have never really had the opportunity to take the leap. But what if you could find that job today? Sounds impossible. This book will quickly prove you wrong. If you are serious about working remotely, whether part time or full time, this book will help you find these job opportunities. In fact, countless companies hire remote employees or contractors for short or long term assignments. You just need to know where to look. In this book, you will find literally hundreds of links that will help you land a decent paying job with an earning potential of around 20 per hour to up to 50 per hour or more. For this, no need to be a highly qualified IT professional. The vast majority of these jobs are accessible to most readers. In this book, I will introduce you to a few methods to earn extra money from home. I will also help you avoid scams and give you an insight of what it is like to work remotely. This book is definitely for you if you are tired of organizing your life around your job. Looking for an alternative to your 9 to 5 job. Looking to make some extra money to supplement your income. Staying home to raise your kids or take care of a family member. Disabled or cannot commute temporarily to an on-site job. Recently done with school and looking for a job. Looking for flexibility. For all of you, there is something in this book.

**Complete Book of Hunting** Clyde Ormond, 1972. Hunting has always been one of man's needs. This was true in past ages when man hunted for food. It was true when man no longer was forced to hunt for his food but began hunting for sport. And it is equally true today when urban man seeks the renewal of body and spirit that hunting affords.

**Job Stacking** J. Rolf Haltza, 2021-10-06. Have you been looking to get a raise? Consider job stacking instead. With the rise of remote work, getting a second job that pays half or more of your current salary is easier than trying to actually land a 50% or greater raise with your current employer. With that comes the question: In an hourly or salaried position, you're getting paid the same whether you put in 100% or 50% effort, so why give 100% to one job when you can give 50% to two?
