This book is volume 2 of *Web Development from Beginner to Paid Professional*. In this volume you'll continue your lessons on HTML, CSS, and Javascript. I know there are more than sufficient resources online to teach absolute beginners everything they need to learn web development from scratch. But this series is different because it addresses a few web development problems. The credibility of a web developer is much more than their credentials. It's actually about the strength of their portfolio. Employment opportunities often come from work samples and concrete skills rather than a college degree. So you need to learn well enough. This book will not only help you learn well and build a stunning portfolio, it will also provide you continuous help and support. With this book and my dedicated 24/7 help and support team, there's nothing for you to fear. I have helped many web developers update their development
