Answer: There are three major dimensions that set apart international finance from domestic finance. They are:

1. foreign exchange and political risks,
2. market imperfections, and
3. expanded opportunity set.

3. Discuss the major trends that have prevailed in international business during the last two decades.

Answer: The 2000s brought a rapid integration of international capital and financial markets. Impetus for globalized financial markets initially came from the governments of major countries that had begun to deregulate their foreign exchange and capital markets. The economic
