**Women in the Bible for Progressive Christians (Hebrew Scriptures)** Donald Schmidt, 2021-06-15 Women make up over one half of the world's population yet throughout history women have been kept out of power they have been oppressed and disregarded and have often had their stories ignored This is a tragedy not only for women but for all humankind because we all have much to gain by hearing one another's stories and by experiencing one another in all of our rich fullness not from a preconceived notion that one group or sex is superior to another This is important to note at the beginning because history has largely been told by men In particular the stories we have preserved from ancient times tell things from a male perspective and often ignore women Thus we often need to read between the lines and behind the words to really hear the

stories of the women who played such a significant role in the events described in the biblical stories and by extension in our tradition. Of course there are real differences between women and men just as there are real differences between men and women. We are not all the same as individuals; we are all different from each other. Rather than a problem, however, we can see this as one of the greatest gifts God has given us: the wonderful and amazing gift of difference. The sessions in this study will invite you to explore the stories of some amazing biblical women to get to know them and to learn from them. How might we live our lives in response to that?

**On Wings of Prayer** Nuria Calduch-Benages, Michael W. Duggan, Dalia Marx, 2019-07-22. The contributors and editors dedicate this volume of research to Professor Stefan C. Reif on the occasion of his 75th birthday. Together these twenty papers reflect our appreciation for his exemplary scholarship and lifelong commitment to acquaint our world with the theological and cultural riches of Jewish Studies. This collection reflects the breadth of Prof. Reif's interests insofar as it is a combination of Second Temple studies and Jewish studies on the roots of Jewish prayer and liturgy, which is his main field of expertise. Contributions on biblical and Second Temple studies cover Amos, Ben Sira, Esther, 2 Maccabees, Judith, Wisdom, Qumran Psalms, and James. Contributions on Jewish studies cover nuptial and benedictions after meals, Adon Olam, Passover Seder, Amidah, the Medieval Palestinian Tefillat ha Shir, and other aspects of rabbinic liturgy. Moreover, the regional diversity of scholars from Israel, continental Europe, the United Kingdom, Ireland, and North America mirrors Stefan's travels as a lecturer and the reach of his publications. The volume includes a foreword of appreciation and a bibliographic list of Professor Reif's works.

**Theologies of Human Agency** Megan Fullerton Strollo, 2022-12-13. This book examines the relationship between divine activity and human agency in the five books of the Megilloth: the books of Ruth, Song of Songs, Ecclesiastes, Lamentations, and Esther. As works of literature dating to the early Second Temple period (ca. 6th–3rd centuries BCE), these books and the implicit interpretation of these particular themes reflect the diverse cultural and theological dynamics of the time. Megan Fullerton Strollo contends that the themes themselves, as well as the correlation between them, should be interpreted as implicit theology insofar as they represent reflective interpretation of earlier theological traditions. With regard to divine activity, she argues that the Megilloth presents a certain level of skepticism or critical analysis of the Deity. From doubt to protest, the books of the Megilloth grapple with received traditions of divine providence and present experiences of absence, abandonment, and distance. As a correlative to divine activity, human agency is presented as consequential. In addition, the portrayal of human agency serves as a theological response insofar as the books advance the theme through specific references to and reevaluations of earlier theocentric traditions.

Daring, Disreputable and Devout Dan W. Clanton, Jr., 2009-04-01. Stories of women in the Bible have been interpreted by artists, writers, musicians, filmmakers, and biblical commentators for centuries. However, in many cases, these later interpreters have often adapted and altered the Bible to fit their own views of the stories. Ironically, these later renderings usually serve as the basis for the generally accepted views of biblical women. For example, many readers of

the Bible assume that Eve is to blame for the disobedient act in the Garden of Eden or that Delilah seduced Samson and then cut his hair A closer look at these assumptions though reveals that they are not based on the Bible but are mediated through the creations of later interpreters In this book the author examines eight such women s stories and shows how later readers interact with the biblical stories to construct sometimes fanciful sometimes faulty views of these women Dan Clanton Jr broadens our awareness of the influence of these later readings on how we understand biblical women so that we can be more critical in our engagement with them and become more familiar with what the Bible actually says about the women whose stories it contains
