Eternal Hostility The Struggle Between Theocracy And Democracy:

Eternal Hostility Frederick Clarkson,1997 How should we respond to violence against abortion clinics and some of the lunatic even comical pronouncements of individuals on the religious right Frederick Clarkson makes it clear that behind the lone nuts who sometimes grace the headline news is a powerful and growing political movement Drawing on years of rigorous research Clarkson casts light on the wild card of the theology of vigilantism which urges the enforcement of God's law

Onward, Christian Soldiers Deal W. Hudson,2008-03-11 Like a mighty army moves the church of God Brothers we are treading where the saints have trod We are not divided all one body we One in hope and doctrine one in charity From the nineteenth century hymn *Onward Christian Soldiers* What keeps America a country of religious practice and traditional values How has the U S avoided succumbing to total secularism The answer to these provocative questions is found in the religious communities of America today In the past thirty years the religiously active voter has migrated to the Republican Party and the story behind this shift evidenced in the emergence of Evangelical dominance over mainstream Protestantism and the defeat of liberal Catholicism is at the heart of this fascinating cultural history In *Onward Christian Soldiers* the Washington insider who was at the vanguard of the sea change in religious and political history that propelled George W Bush into the White House offers an intimate perspective on those remarkable years and their influence over the ones to come Deal W Hudson analyzes how steadily overcoming age old misjudgments and misunderstandings that separated them conservative Catholics and Evangelical Christians drew together because of what they viewed as profound assaults on shared core beliefs They became allies to battle the forces of secularization relativism and atheism And together they forged a grassroots movement across America that astonished political activists and surprised commentators as well as members of traditional religious organizations How exactly was this coalition achieved and who were its movers and shakers What enabled them to deepen enrich and activate the resurgence of traditional values in society to make America radically different from the secularized Europe that was so widely believed to be on the verge of becoming the model for the United States Deal W Hudson details this phenomenon by examining the leading figures and institutions on both sides of the debate exposing the dramatic encounters between those espousing fundamental Judeo Christian beliefs and those heralding the death of God and the new age of secular humanism Dealing with today's hot button issues *Onward Christian Soldiers* provides an unprecedented look at the confrontation of the religious right with secularists in America a confrontation that is not only timely but also timeless in its impact
