Eternal Iran Continuity And Chaos Middle East In Focus:

Eternal Iran P. Clawson, M. Rubin, 2005-11-26 Exploring continuities and changes this book provides the historical backdrop crucial to understanding how Iranian pride and sense of victimization combine to make its politics contentious and potentially dangerous

The Politics of Intelligence and American Wars with Iraq O. Seliktar, 2008-02-18 Coming at the heels of September 11 Operation Iraqi Freedom has focused the limelight on the way in which the United States predicts and manages political change The failure to find WMD and more important the continued violence in Iraq instead of the hoped for democracy has engendered an acrimonious debate on the motives of the Bush administration and its uses or misuses of intelligence The question of who got what right or wrong has been fought out along ideological and partisan lines with supporters claiming that given what was known about Saddam Hussein the decision to change his regime was justified and detractors arguing that a group of largely Jewish neoconservatives acting on behalf of Israel manipulated intelligence in order to trick the United States into an unnecessary and costly war The book provides a systematic and objective analysis of the problems that faced American intelligence in deciphering the behavior of the highly secretive and confusing Iraq regime and its enigmatic leader

The Muslim Brotherhood B. Rubin, 2010-05-24 The Muslim Brotherhood is the oldest and most important international Islamist group Aside from strong organizations in Egypt Jordan Syria where it provides the main opposition and its Palestinian offshoot Hamas which rules the Gaza Strip the Brotherhood has become active in Europe and North America

Religion, National Identity, and Confessional Politics in Lebanon R. Rabil, 2011-09-12 Against a background of weak and contested national identity and capricious interaction between religious affiliation and confessional politics this book illustrates in detailed analysis this comprehensive project of Islamism according to its ideological and practical evolutionary change

Hezbollah: The Story of the Party of God E. Azani, 2011-02-14 The book examines the Hezbollah movement from a multidisciplinary comprehensive historical and systematic perspective to explain how it has evolved since its inception in the early 1980s to the present

Lebanon B. Rubin, 2009-06-22 No country in the world has more political battles military conflicts and ethnic complexity per person and per square mile than does Lebanon This book explains the issues events and personalities involved in one of the globe's most dramatic and important stories

Hybrid Sovereignty in the Arab Middle East Gokhan Bacik, 2008-07-02 This book provides readers with a fresh analysis of the Arab state by using a new theoretical framework hybrid sovereignty Hybrid sovereignty is used as an analytical tool to explain the survival of traditional patterns and forms of authority within the formal modern statehood The author looks at various issue areas to make his argument citizenship the issue of minorities electoral engineering the failure of central rule tribalism and the lack of impersonal bureaucratic mechanism He concludes that based on the problems at state society level boundaries of statehood the Arab state can be identified as hybrid sovereign

Cascio,2005-05 **International Bibliography of Historical Sciences** Massimo Mastrogregori,2009 Annually

published since 1930 the International Bibliography of Historical Sciences IBOHS is an international bibliography of the most important historical monographs and periodical articles published throughout the world which deal with history from the earliest to the most recent times The IBOHS is thus currently the only continuous bibliography of its kind covering such a broad period of time spectrum of subjects and geographical range The works are arranged systematically according to period

region or historical discipline and alphabetically according to authors names or in the case of anonymous works by the characteristic main title word The bibliography contains a geographical index and indexes of persons and authors Iran's Race for Regional Supremacy ,2008 *Uluslararası İlişkiler Dergisi* ,2008 Choice ,2006 **Abstracts of the Annual Meeting** American Anthropological Association,2000 Wars of Ambition Afshon Ostovar,2024 In Wars of Ambition Afshon Ostovar explores America s decline and Iran s rise in the Middle East since 9 11 and through 2023 It examines America s involvement in the region Iran s counter to it and how their clash for a new regional order became entwined in a broader more complex struggle involving multiple regional and foreign powers In telling that story Ostovar shows how the battle for the Middle East reflects the politics and dividing lines of an emergent multipolar world Iran Agenda Reese Erlich,2016-01-08 Based on firsthand reporting in Iran and the United States The Iran Agenda explores the turbulent recent history between the two countries and shows how it has led to a showdown over nuclear technology **Engaging Iran** Nathan Gonzalez,2007-08-30 Iran is poised to re emerge as the powerhouse of the Middle East in the 21st century Already taking on massive export and energy diversification projects and working to acquire a nuclear weapons arsenal Iran is likely to attain the stature of regional power in the coming years thanks in no small measure to the vacuum created by the chaos in Iraq which for many years served as a counterweight to Iran in the region Gonzalez illuminates the path toward a new approach to engagement with Iran Only then can the United States reap the benefits of a new Middle East But is a nuclear armed Iran a direct strategic threat to the United States While post revolutionary politics have harnessed anti Americanism as a matter of policy Gonzalez argues that this is only a sign of a larger enterprise of democratization a trajectory of independence as the author calls it This trajectory has led Iran to release itself from the shackles of foreign power intervention and has put it closer to home grown democracy than any other nation in the Muslim Middle East This promise of democracy set in the wider scope of Iranian Shi i jurisprudence and practice is set to elevate the largest segment of Iranian society its educated and pro American youth to the forefront of Iranian politics The Middle East is in crisis and within every crisis lies opportunity America must not repeat the myopic mistakes of the past A far sighted and grand strategic approach to engagement with Iran promises to open doors to regional stability and political development Only then can America as the global superpower reap the benefits of a new Middle East with the Islamic Republic of Iran at the helm
